

## ABSTRACT OF THE DISCLOSURE

The present invention is a system for making online purchases using electronic funds transfers from the buyers' bank account to the vendor's bank account, enabled by an intermediate funds transfer from the buyer's account to a holding account maintained by the buyer's bank or a third party. The system is further enabled by the buyer's bank acting as a portal to the Internet that pre-authenticates buyers, enforces security, and speeds the execution of online transactions.
